

Lew Migliore

Lew Migliore, Floor Covering Institute consultant, is President of LGMTCS and Associates, a technical consulting firm specializing in all aspects of product and installation performance and education.

A 37 year industry veteran considered one of the floor covering industry's most respected and competent independent analysts of flooring complaints, problems and performance issues.

Migliore is a uniquely qualified speaker, author and educator on these subject and whose business success is predicated on impartial and objective findings. He deals with a myriad of floor covering problems including those related to manufacturing, specifications, installation, performance, use and maintenance.

Migliore has written padding and installation specifications, maintenance manuals and claims policies and manuals. He is the author of "The Claims File" a column published by Floor Covering News and he publishes "The Commercial Flooring Report" a national publication on state of the commercial flooring industry.
